**Provision Living, LLC, breaks ground on  
\$10 million investment in community**

HATTIESBURG, Miss. – Provision Living, LLC, broke ground today on a new, gracious assisted living residence for area seniors. Located at 217 Methodist Boulevard in Hattiesburg, the assisted living property is near the medical offices, hospital and services that are part of the Wesley Medical Center campus.

“Provision Living at Hattiesburg will be a great addition to our community and the economy. We look forward to partnering with them as they invest, not only in our economy, but also in the lives of senior adults and families in our region,” said Susan Walker, Vice President of the Chamber of Commerce for the Area Development Partnership.

When completed in fall 2008, Provision Living at Hattiesburg will have 90 units, including studio, and one- and two-bedroom suites, and add 50 permanent full- and part-time jobs in the community. Residents of the assisted living community will experience a welcoming home with a wellness center, restaurant style dining, community center, barber and beauty salon, transportation, on-site personal care services and many other amenities.

“Today is the beginning of the construction process, but we’ve been working on this project for more than a year,” said Todd Spittal, president and co-owner of Provision Living, LLC, which is the company that will operate the facility for the property owner, Hattiesburg Retirement Investors, LLC. “We’re excited that every day we are hearing from senior adults who want the freedom to maintain an active lifestyle in a gracious residence. We invite the community to watch with us as this building takes shape, and visit us to learn more about the services we offer.”

Provision Living, LLC, is a premier regional operator and investor in senior housing properties, specifically focusing on independent living, assisted living and assisted living based dementia services. The company is based in St. Louis with operations in five states, representing more than 750 senior living units and 300 employees.
